 GitHub profile

## OBJECTIVE

---

Front-End Developer skilled in building responsive, user-friendly web apps with modern JavaScript frameworks. Seeking to contribute to dynamic teams and grow technical expertise.

## EDUCATION

---

### Bachelor Of Computer Science – Faculty of Science, Beni Suef University

09/2019 – 05/2023 | GPA: 2.67 (Very Good)

## MY PROJECTS

---

### LAWYER WEBSITE

Developed a responsive Lawyer Website using HTML5, CSS3, and JavaScript, featuring a professional design to showcase legal services and information. Focused on creating a clean user interface, smooth navigation, and mobile-friendly layout to enhance user experience.

- Used **HTML5, CSS3, JavaScript and Bootstrap**

### MOUNTING VIEW LP

Built a responsive landing page for Mountain View using HTML5, CSS3, and Bootstrap to showcase real estate projects with a clean design and smooth user experience, and mobile-friendly layout to enhance user experience.

- Used **HTML5, CSS3, and Bootstrap**

### SMART LOGIN

Developed a “Smart Login” form demonstrating front-end validation using HTML5, CSS3, and JavaScript. Implemented dynamic client-side checks such as proper username (capitalized, minimum length), valid email format, strong password requirements (including uppercase, numbers, and special characters), and terms acceptance—providing real-time feedback to enhance form usability and user experience.

- Used **HTML5, CSS3, JavaScript, Bootstrap and Regular Expression**

### CRUD WEBSITE

A CRUD web application that allows users to create, display, update, and delete products, with an additional feature to delete all products and search through them. The project utilizes local storage to save and manage product data.

- Used **HTML5, CSS3, JavaScript, Bootstrap and Regular Expression**

### WEATHER APP

Built a responsive weather application using HTML5, CSS3, bootstrap and JavaScript, integrating a third-party weather API to fetch and display real-time temperature and weather conditions.

- Used **HTML5, CSS3, JavaScript, and Bootstrap**

## WORK EXPERIENCE

---

### Web Design Trainee – ITI (Information Technology Institute) | Cairo, Egypt | 07/2025 – 08/2025

Completed a 1-month Web Design diploma. Practiced HTML, CSS, JavaScript, Bootstrap. Built a responsive website prototype.

## COURSES & TRAINING

---

### Full Stack web development Diploma (node.js & angular & react js) Route, IT Training Center | 03/2022 – 12/2022

Completed a Full Stack Web Development Diploma covering Node.js, Angular, and React.js, focusing on building dynamic front-end interfaces and scalable back-end applications.

## SKILLS

---

- **Front-End:** HTML5, CSS3, Sass, JavaScript (ES6+), REST APIs, TypeScript, Bootstrap, Tailwind, jQuery, Angular, Responsive Design, and Regular Expression, with introductory familiarity with React.js.
- **Tools & Others:** Git, GitHub, JSON, AJAX, and Error Handling.
- Basic knowledge of back-end development with Node.js, Express.js, REST APIs, GraphQL, and Socket.io, along with familiarity with databases such as MySQL, MongoDB, SQL, and NoSQL.
- **Soft Skills:** Teamwork, Communication, Adaptability, Time Management, Attention to Detail, And Creativity

## LANGUAGE

---

- Arabic: Native
- English: Good
